
At Home, In Calgary

Posted on: October 12, 2015

Well, we had an extremely busy September! I was honoured to be a groomsman for two of my best friends this year and I had a great birthday. Being away from Calgary for three weekends in a row really burnt Natalie and me out though!! We look forward to staying close to home to round out the rest of 2015.

We will have just finished celebrating Vienna's 5th birthday by the time you get this. We had a joint Thanksgiving/Birthday weekend and I was able to surprise Vienna with a song that my friends and I recorded in September entitled "Vienna Rose". I wrote it when she was only 2 and decided a good recording of it would be a nice birthday present!

As mentioned above, we'll be staying put until the end of the year. We plan to be in Calgary for Christmas but staying busy until the holidays arrive. Give us a call or an email if there is anything we can do for you!
